Re: **Sell Through Period and Compliance Deadline for Bunk Beds Pursuant to the 2007 Revision of ASTM F1427**

As detailed in the approved minutes (dated 3/22/07) of ASTM Subcommittee F15.30, CPSC provides the following guidance:

"It is generally accepted practice to allow 6 months from publication date to implementation of the revisions to F1427."

Please be advised that the revisions to F1427 were published by ASTM on September 10, 2007. Based on the above CPSC guidance, the final date of implementation will be March 10, 2008. Bunk beds manufactured or imported after that date must meet the requirements as prescribed in the **REVISED** version of F1427.
